Why me Lord you picked to stay caged up for so many days

Why me lord life had to be so hard mentally and real life scares

Why me Lord I could never find trust but, always find a gun to bust....

Why me Lord, why me lord

Why me world you never gave a chance, closed the door to all my plans

Why me world you force me out on the block then let me get robbed by so called cops

Why me world you pick for all your abuse and wonder why my name is up in the news

Why me world..... why me world

Why me streets you opened your arms told me to get money and keep my heat on

Why me streets you gave all your beef, shotguns, pitbulls, knives and broken teeth

Why me streets you showed your love, addictive face life and the use of drugs

Why me streets, why me streets

Why me Gun do yo stay by my side, keep me alive and always down for a "who ride"

Why me gun you always find my hand ,when I'm in a jam, sayin chill cause here I am

Why me GUN you had me put a way for Murda and robbery, and I still want to stay right beside me

Why me Gun..... Why me Gun

Why must I live like a tyrant

Body like a soldier

my heart getting colder

Why me

No love for the next man

Get money & the sex Fam'

Live for the fame ,DAMN!

Why me

pick wrongs over rights

no peace, want to fight

This...is...my...Life

Why me???????????
